ITEM TO BE HEARD

14. Acceleration of the Dixileta/I-17 Traffic Interchange

The City of Phoenix is proposing to advance the construction of the Dixileta Drive/I-17 Traffic Interchange to 2006 from 2011. The City wants to accelerate this project approximately five years so that it may be constructed concurrently with the construction of the new interchange at Jomax Road and I-17 (two miles south). Phoenix is providing all of the funding for this project and would be reimbursed from ADOT program funds in 2011, including one-half of the interest cost as provided by the MAG Highway Acceleration Policy. Please see the draft letter from the City of Phoenix in Attachment Five.
